

# THE BUZZ

*B-TEK Scales creates galvanized floor scales for DuPont*

*June 2, 2010*

*Multiple custom floor scales can be ordered in any quantity. From a single request to larger quantities, B-TEK can insure each will meet your requirements and specifications. Dupont needed a mobile solution for this particular floor scale, so casters were attached to the underside of the floor scale for easy maneuverability.*

The Customer -Dupont chemical.

The Challenge -Durable finish and mobility both in a floor scale solution.

The Solution - B-TEK Scales fabricated these identical floor scales with a galvanized finish and center placed caster to allow product placed on the surface of the scale to be easily moved throughout the facility.
