

THE BUZZ

B-TEK Scales' popular Weigh-A-Round portable scales offer freedom of movement for weighing needs

June 4, 2010

B-TEK Scales has a popular portable scale that meets the need to have reliable weighing in a mobile option. Built with standard in-board heavy duty 5" diameter wheels and 48" high indicator structural tube column with push handles, the WAR scale is an excellent choice for warehouse or manufacturing environments.

The Customer - Warehouse facility

The Challenge -Stainless steel mobile weighing needs for rugged warehouse use.

The Solution - *B-TEK Scales offers many options in their Weigh-A-Round scale. From sizes, finishes and capacities, you can custom design the WAR to fit your needs.*
