

THE BUZZ

B-TEK Scales works with Brechbuhler Scales to install scales at T.C. Redi-Mix September 10, 2010

B-TEK Scales fabricates scales to meet all industry needs. The T.C. Redi-Mix plant in Youngstown, Ohio processes sand, gravel and raw materials to create ready mix. This Side Rail concrete deck scale was a new scale for T.C. Redi-Mix. Brechbuhler Scales' Youngstown, Ohio branch was the distributor of this scale.

The Customer - T.C. Redi-Mix Youngstown, Ohio location

The Challenge -Installing a Side Rail Scale with concrete deck.

The Solution - Brechbuhler Scales' Youngstown, Ohio branch led the project. Working directly with T.C. Redi-Mix to design a scale to fit the needs of the plant and existing location. The turn-key project was completed from start to finish by BSI and was finished as scheduled.
