

B-TEK Scales and Brechbuhler Scales partner to provide scale solutions for the Cincinnati Zoo.

B-TEK SCALES AND BRECHBUHLER SCALES ANSWER THE CINCINNATI ZOO'S GIRAFFE CUSTOM SCALE NEEDS

THINGS ARE LOOKIN' UP AT THE CINCINNATI ZOO THESE DAYS!

Brechbuhler Scales worked directly with Cecil Jackson at the Cincinnati Zoo on this custom scale application. The Zoo needed a scale to weigh Giraffes, but wanted the scale to cover an existing drainage pit inside a Giraffe pen.

The application required a low profile scale with an access plate for easy cleaning and Brechbuhler Scales requested B-TEK Scales, their exclusive custom scale manufacturer, to fabricate a floor scale to fit that need. The scale will be located in the holding cage where the animals receive veterinarian care.
