

B-TEK Scales offers custom hot dipped, galvanized scale finishes. This durable finish almost doubles the life of the scales in some of the harshest environments.

## **B-TEK SCALES PROVIDES CLIENTS WITH GALVANIZED SCALE OPTIONS**

B-TEK Scales has the resources to create a variety of custom finishes, which gives the client unlimited choices to meet their specific job needs. The galvanized finish gives this scale longer life in water, against materials such as fertilizer and the protection it provides to the metal of the scale is impeccable.
